## Round Pen News

**On May 16th, we held our first workshop at Healing Through Horses. It was more than we ever imagined. The participants showed courage, honesty, humility and trusted the process. The horses, as usual, were the real heroes of the day. As we were in our groups the horses watched and waited for us to arrive. When it was time for them to lead, they did with their clear, calm and intuitive nature.**

### **We have a new member in our family!!!!**

**Meet my 4 month old niece, Tala Rose. When she was introduced to our horses Guapito and Madonna, they gently placed their muzzles on her face and exhaled. Of course, I missed that photo op!!!!**

**On June 27th, we will be hosting our 2nd workshop entitled:
